## FOR IMMEDIATE RELEASE

### Coastline ROP Partners with CyberForward Academy to Launch New AI Cyber Security Course for Adults

COSTA MESA, CA – Coastline Regional Occupational Program (ROP) is thrilled to announce a new partnership with CyberForward Academy, a leader in technology and cyber security education, to offer an innovative AI Cyber Security course specifically designed for adults. This engaging and comprehensive program is set to begin on June 11, 2024, and aims to equip participants with foundational skills needed to thrive in the fields of cyber security and artificial intelligence.

The AI Cyber Security course, taught by security professionals, prepares students for blended roles that require both cyber security & AI skills. The course will cover concepts such as understanding a cyber security program, integration of AI policy within them, attack scenarios as well as AI integration in business processes & data management. Students will learn AI and cybersecurity fundamentals, perform real world work scenarios, and are eligible for paid work after successful completion of the course. This course is designed to provide participants with hands-on experience through various instructional methods such as direct teaching, group and individual projects, multimedia presentations, field demonstrations, and guest lectures.

#### Course Details:

- **Dates:** June 11, 2024 - August 1, 2024
- **Schedule:** Tuesdays and Thursdays, 6:00 PM - 8:30 PM
- **Location:** Virtual classes hosted on Zoom
- **Cost:** \$2,850

The AI Cyber Security Training course is designed for individuals aged 18 and over, with no prior experience required. It is an excellent opportunity for those looking to start or advance their career in cyber security and AI, with the possibility of engaging in paid work upon successful completion of the course.

**Registration and Information Session:** Interested candidates are encouraged to join our informational session on Wednesday, May 15th, 2024, at 6:00 PM. This session will provide an in-depth look at the course content and answer any questions about the program. To register for the information session or course, please visit [www.coastlinerop.org](http://www.coastlinerop.org) or [www.cyberfwd.com](http://www.cyberfwd.com) or call 714-979-1955.

**About Coastline ROP:** Coastline ROP provides high-quality, career-oriented education solutions that prepare individuals for the challenges of today and the opportunities of tomorrow.

**About CyberForward Academy:** CyberForward Academy is a respected institution known for its robust technology and cyber security training and entry-supported work programs. These programs look to prepare students for the complexities of information security and AI.

Join us in this educational journey to secure your future in the rapidly evolving world of cyber security and artificial intelligence.
